D/O 1950 - 1951

PREVENTIVE MEDICINE

Immunization:

On 5 Jul 50, PW received an inoculation against cholera at P'UCHIANG (浦江), SSUCH'UAN Prov. On 25 Nov 50, PW received an inoculation against smallpox at CH'ENGTU. He received another inoculation against cholera at TS'ANG-HSIEN (長縣), HOPEI Prov. The whole 539th Regt, 180th Div, 60th Army received the same inoculations. The supply of various vaccines were adequate.

Water:

PW's unit used lake water or well water for drinking purposes. No measures were taken for purification. Water sources were not contaminated or poisoned by PW's unit when it was forced to retreat.

Food:

PW's unit ate "CHAO MEIN" (炒麵) in the combat zone. Each soldier was issued 30 lbs of "CHAO MEIN" which was to last for 20 days. The ration was not adequate for that period.

Clothing:

Each soldier was issued one suit of yellow cotton clothes (jacket and trousers) and one pair of cotton glove for winter wear and two suits of green fatigues for summer wear.

\* \* \* \* \*

CLINICAL MEDICINE

Disease Frequency:

Cholera and malaria were most prevalent in PW's unit during the past six months.

Symptoms of cholera: Vomiting, diarrhea.

Symptoms of malaria: Fever, sweating.

5% of the troops were affected by these diseases.

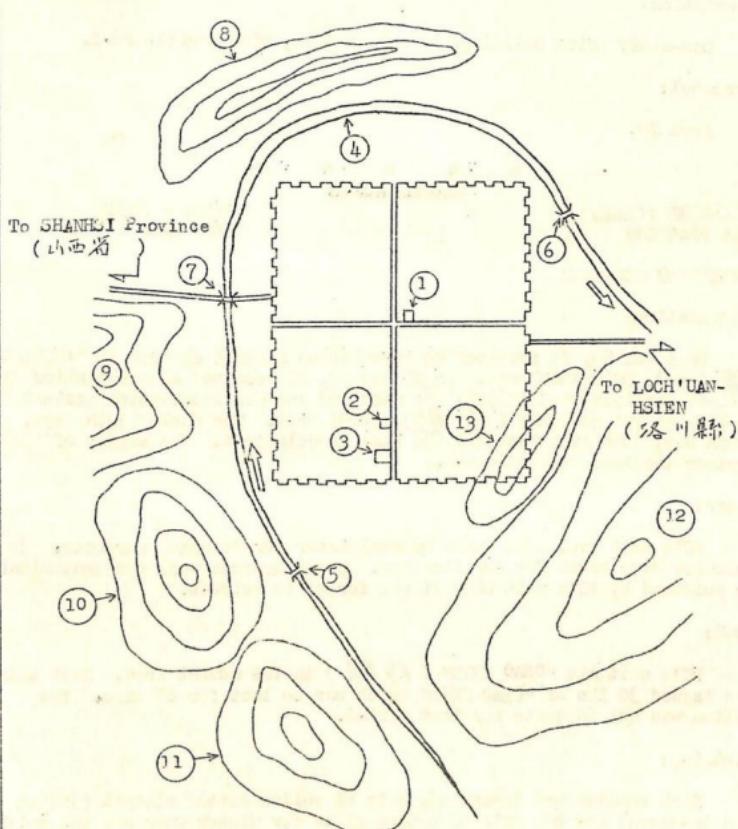

For the Commanding Officer:

ROBINSON
